

## Baltimore Mobility Program Allowable Census Tracts

The Baltimore Regional Housing Partnership (BRHP) administers the Baltimore Mobility Program, helping clients relocate to opportunity areas throughout the metropolitan area. The opportunity areas have been determined by the following census tract. To determine if an address is in one of the opportunity areas, you can go to: <http://www.ffiec.gov/Geocode/default.aspx>. After you key in the address and click search, the census tract will appear on a new screen along with the address. If that census tract or specific block group within that tract is listed on this document, MBQ can list the property in our available rental property database, and connect potential renters with you.
