

The Opportunity

The Baltimore Regional Housing Partnership (BRHP), which operates the Baltimore Housing Mobility Program, is a 501(c)(3) that assists over 4,000 qualified families in moving from areas of concentrated poverty and obtaining quality and affordable housing in communities with strong schools, low crime, and ample job opportunities in high opportunity areas within Baltimore City and Anne Arundel, Baltimore, Carroll, Harford, and Howard Counties.

BRHP seeks a Housing Data Analyst to provide operational and technical support to staff and the clients we serve in accordance with the Program's administrative policies and procedures, with a focus on process reporting, program evaluation and enhancements. The position requires an adept multitasker who can adhere to deadlines, is responsive to the needs of the staff and program, can think creatively to design and implement reporting and process improvements, and will stay abreast of the shifting policy landscape as it relates to BRHP's program and clients.

Essential Duties and Responsibilities

The below statements are intended to describe the general nature and scope of work for the Housing Data Analyst position. This is not a complete listing of all responsibilities, duties, or skills required.

- Serve as key member of analyst team focused on assisting the program in analyzing programmatic and financial data to enhance services to clients
